It looks like the ones that are still charged to KC I amended 2/8/16 so they may be too recent.

How long ago did you amend these?

There are several time periods still charged under A6KC and I have amended all but 3 time periods to A6JP.

It generally takes 3-4 pay periods or longer sometimes for the amendments to show up. I don't know exactly how long but it varies. I'll ask Patty, she knows for sure. Do you see the PP amended you still reflecting in the report you changed it from?

I have been amending my time going back to September of 2014 to change my site charging from A6KC emergency removal to A6JP time-critical removal but this SCORPIOS report does not seem to reflect the changes. How long does that normally take to take effect?
